

巴斯德讲坛-资深系列 Pasteur Colloquium-Senior

Metabolic control of macrophage activation

Dr. Tiffany Horng

School of Life Sciences and Technology, ShanghaiTech University

She aims to elucidate the mechanisms by which cellular metabolism regulates macrophage functions in diverse contexts, of relevance to the many physiological and pathophysiological contexts in which macrophages play a role.

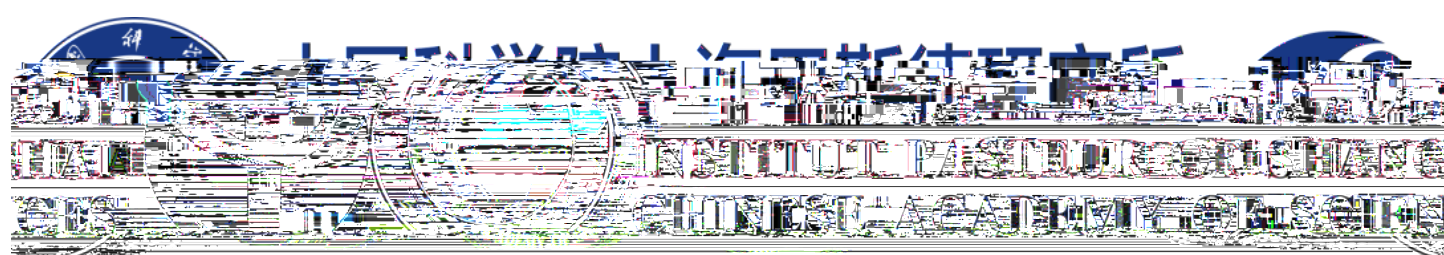

A201, Life Science Research Building

10:00-11:30 AM

Apr. 12th, 2019

HOST : Prof. Hui XIAO

CAS KEY LABORATORY OF MOLECULAR
VIROLOGY & IMMUNOLOGY
